

9th International Research Conference on ADOLESCENTS AND ADULTS WITH FETAL ALCOHOL SPECTRUM DISORDERS

Review, Respond, and Relate
Integrating Research, Policy, and Practice
Around the World

Hyatt Regency, Seattle, WA

WHAT IS THE APPLICATION DEADLINE?

Applications must be received by February 24th, 2024.

SCHOLARSHIP AND TRAVEL BURSARIES NOW AVAILABLE FOR STATE OF ALASKA RESIDENTS

Through a generous sponsorship from the State of Alaska FASD Program, we are pleased to offer up to 6 scholarships for the full registration fee as well as partial to full travel & lodging reimbursements on a competitive needs basis to residents of the State of Alaska who wish to attend this conference.

Please note that persons with FASD or prenatal alcohol exposure need not apply for the scholarship as they can already register for the conference at no cost.

CAN I APPLY IF I DON'T LIVE IN ALASKA?

While we recognize that barriers exist for many people to attend this conference, the sponsorship funding from the State of Alaska FASD Program can only be used for residents of Alaska at this time.

CONFERENCE DESCRIPTION

Despite thousands of published articles on FASD, limited research focuses specifically on adolescents and adults with FASD. As individuals diagnosed with FASD age, the “need to know” across a broad spectrum of areas continues to be critically important for identifying clinically relevant research questions and directions that will impact their day-to-day function and health outcomes.

Building on the work of eight previous conferences, we aim to examine relevant global research, programs, and policies. What can we learn from practice-based evidence? What does existing or emerging research tell us? Are the results transferable from country to country and/or from laboratory and clinical studies to real life? Are there clinical implications of results from any of these areas of which we should be aware? What are the changes in our thinking, practice, and directions that will be required to improve outcomes? What are the implications for the future?

We hope you can join us at this interactive conference and be at the forefront of addressing these relevant global issues.

To register, or to learn more about the conference, visit [conference website here](#).
